

→ Product details

Features:

1. Two-way output
2. Utilizing SMD technology
3. LCD display voltage and current
4. LCD display stable voltage and current
5. Discretionary choice of green, yellow backlight for LCD
6. Automatic conversion of stable voltage and current
7. Loop type high accuracy voltage regulation
8. Step-type electric current adjustment
9. Automatic tracking in series or in parallel connected
9. External output connectors
10. Continuous operation under full load

Specification:

Ripple & Noise: $CV \leq 0.5 \text{ mVrms}$

Load effect: $CV \leq 1 \times 10^{-5} + 2 \text{ mV}$

Model	Voltage Output	Current Output	Dimension (WxHxD) cm	Weight (kg)	Mark
QJ3003XII	0-30V	0-3A	28x18x26	10.2	CE
QJ3005XII	0-30V	0-5A	28x18x26	13	CE
QJ5003XII	0-50V	0-2A	28x18x26	10.2	
QJ6002XII	0-60V	0-2A	28x18x26	10.2
